

# ARE YOU READY FOR THE NEXT GENERATION?

 ROTO  
GRIP

The time of reckoning has arrived, as the Kingdom welcomes the newest addition to its legendary line. Bred from its predecessor, the Cell™ Pearl carries on the legacy by using the performance proven Nucleus™ core, and the technologically advanced Cytoplasmic X™ pearl reactive coverstock. The synergy of the two generates a strong angular move off the spot on the medium to lighter volume patterns with unprecedented predictability. This ball is the ultimate compliment to the original and will promise victory as it forges its way to the top to be crowned supreme.
