

Nothing Hits Like A Hammer.®

BLACK WIDOW GOLD

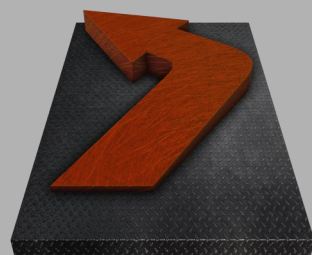

The combination of Hammer's Semtex Pearl coverstock and iconic Gas Mask core is pure gold. We've taken our most angular coverstock and combined it with our most angular core to give you motion where you want to see it the most, the backend. If you miss out on this one, it's going to come back to bite you!

With Hammer's patent pending carbon fiber outer core, this Black Widow carries Hammer's industry leading three year warranty.

CARBON FIBER INFUSED
THREE YEAR WARRANTY
