

ATTENTION LANEMEN & MECHANICS
Introducing

SCHEMATICS

from your friends at
classicproducts.com

Now you can get all this
at the click of a button!

The Fastest and Easiest way to order parts, **classicproducts.com**.

Attention Lane Men and Mechanics! Tired of lugging one of those bulky repair manuals around? Tired of wasting time trying to find the parts you need on the grease smudged pages? (If the page you need is even still there.) Then have we got something for you, and no it's not a shamie! Log on to the all new classicproducts.com and see how Classic Products is making your valuable time more productive.

Once logged in, click on the Mechanics/Lane Men tab (1), the tab that's formulated just for you. From here you can search for the parts and supplies you need by Manufacturer/Brand (2), Top Selling Items (3) and Sub-Categories which we created to make your search easier. (4) You can also do a search by typing in a parts name or part number.

If you know the part numbers or the parts you need, you can click and go to our Item # Order (5) page and easily key them in.

What's that, you've seen this all before? Well here's something new that we've added just for you. See that little button up there that says manuals? (6) Yeah, that's the one, click on it, go ahead click it, see what we've added that just made your job a whole lot easier...

POINT AND CLICK ON-LINE SCHEMATICS!

Now all you have to do is find what you're working on in our schematics list and click on it to bring up the schematic and an index of parts.

CONTINUE SHOPPING CHECKOUT

In your **Favorites** (9) you can store and organize those items you most frequently order. Saving an item requires only clicking the "Add to Favorites" button on the item detail page. The item is then quickly available to you every time you sign in by clicking the favorites button – which is available at the top of almost every page on our website. Once inside your favorites folder you will be able to find and order your saved items quickly.

On the **Shopping Cart Screen** (10) you can choose from which of our Distribution Centers to ship each of your items. The cart keeps track of the dollar amount you have in your cart to be shipped from each Distribution Center, which will help you optimize your order for "Freight Deductible" purposes. You can adjust quantities and Distribution Center designations from the shopping cart. To place your order, click the checkout button.

And what would you expect to pay for a tool like this, \$10, \$20, \$100, even \$1000? With the time you'll save it would be well worth it. But for you, our valued lane men and mechanics, we're giving you this whole glorious time saving tool with all the order placing options and library of all the latest and greatest schematics for FREE! That's right absolutely and totally FREE. Once you've tried it, you'll wonder how you ever lived without it. So sign on and start using this marvel of modern technology today, you'll be glad you did!

(Classic is not responsible for helping you decide what you're going to do with all of the time you saved! Offer not valid in the outer rings of Saturn or the dwarf planet Pluto.)
